#### Acknowledgment for Clinical Supervision Contributions

In the article titled *Revascularization of a Previously Treated Mandibular First Molar with Open Apices: A Case Report* by Mojgan Feli, Anita Taheri and Mahgol Mehrabani, published in the *Iranian Endodontic Journal* [2024;19(2):120-123; doi: 10.22037/iej.v19i2.43321], the authors regret an omission in the acknowledgment section of the original publication.

The authors sincerely apologize for this oversight and wish to acknowledge and express their gratitude to Dr. Shima Saber Tahan and Dr. Saeede Zadsirjan for their valuable contributions to the clinical supervision of this case. Their guidance and expertise during the treatment process were instrumental and are greatly appreciated.

This correction does not affect the findings, interpretations, or conclusions presented in the original article.

The authors extend their thanks to the readers and the journal for their understanding.
